New Zealand Finance Holdings Ltd Announces Commonwealth Bank Securitisation Warehouse Facility.

The board of New Zealand Finance Holdings Limited are pleased to advise that Commonwealth Bank have approved a non-conforming mortgage securitisation warehouse facility to a wholly owned subsidiary of NZFH, which will assist in the diversification of the Group's liability funding and reduce the reliance on traditional debenture investors.

This facility will assist with the continued growth of the Group's products and services which it distributes through its growing internal mortgage broking business and external broker channels.
